

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830 Revision Date: 29/06/2017 Date of Issue: 29/06/2017 Version: 1.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. **Product identifier** Product form : Mixture Product Name : MIEX Gold Resin Product code : 6002 1.2. Relevant identified uses of the substance or mixture and uses advised against **Relevant identified uses** 1.2.1. Industrial/Professional use spec : Industrial. Use of the substance/mixture : Ion exchange resin for the treatment of water. For professional use only. 1.2.2. Uses advised against No additional information available Details of the supplier of the safety data sheet 1.3. Company MIEX UK Ltd UK Registration: 09142972 3rd Floor, 1 Ashley Rd Altrincham, Chesire WA14 2DT United Kingdom +44.330.828.0757 www.ixom.com www.ixomwatercare.com 1.4. **Emergency telephone number** Emergency number : 0330-828-0757 **SECTION 2: Hazards identification** 2.1. Classification of the substance or mixture Classification according to Regulation (EC) No. 1272/2008 [CLP] Not classified

Adverse physicochemical, human health and environmental effects

No additional information available

2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008 [CLP] No labelling applicable

2.3. Other hazards

Other hazards not contributing to the : Exposure may aggravate pre-existing eye, skin, or respiratory conditions. classification

SECTION 3: Composition/information on ingredients

3.1. Substances

Not applicable

3.2. Mixture

Name	Product identifier	%	Classification according to Regulation (EC) No. 1272/2008 [CLP]
TMAHCI quaternized copolymer	(CAS-No.) 1450741-04-4	60 - 100	Not classified
Water	(CAS-No.) 7732-18-5 (EC-No.) 231-791-2	< 40	Not classified

Full text of H-statements: see section 16

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general	: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
First-aid measures after inhalation	: When symptoms occur: go into open air and ventilate suspected area. Obtain medical attention if breathing difficulty persists.

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH	 with its amendment Regulation (EU) 2015/830 			
First-aid measures after skin contact	: Remove contaminated clothing. Drench affected area with water for at least 15 minutes. Obtain medical attention if irritation develops or persists.			
First-aid measures after eye contact	: Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention.			
First-aid measures after ingestion	: Rinse mouth. Do NOT induce vomiting. Obtain medical attention.			
	and effects, both acute and delayed			
Symptoms/effects	: Not expected to present a significant hazard under anticipated conditions of			
	normal use.			
Symptoms/effects after inhalation	: Prolonged exposure may cause irritation.			
Symptoms/effects after skin contact	: Prolonged exposure may cause skin irritation.			
Symptoms/effects after eye contact	: May cause slight irritation to eyes.			
Symptoms/effects after ingestion	: Ingestion may cause adverse effects.			
Chronic symptoms 4.3. Indication of any immediate	: None expected under normal conditions of use. e medical attention and special treatment needed			
-	vice and attention. If medical advice is needed, have product container or label at hand.			
SECTION 5: Firefighting mea	sures			
5.1. Extinguishing media	. Material and the second for the second second second			
Suitable extinguishing media	: Water spray, dry chemical, foam, carbon dioxide.			
Unsuitable extinguishing media	: Do not use a heavy water stream. Use of heavy stream of water may spread fire.			
5.2. Special hazards arising from				
Fire hazard	: Not considered flammable but may burn at high temperatures.			
Explosion hazard	: Product is not explosive.			
Reactivity	: Hazardous reactions will not occur under normal conditions.			
5.3. Advice for firefighters				
Precautionary measures fire	: Exercise caution when fighting any chemical fire.			
Firefighting instructions	: Use water spray or fog for cooling exposed containers.			
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory			
	protection.			
SECTION 6: Accidental relea				
	se measures			
6.1. Personal precautions, prote	Se measures ctive equipment and emergency procedures : Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist,			
6.1. Personal precautions, prote General measures	Se measures ctive equipment and emergency procedures : Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist,			
6.1. Personal precautions, proteGeneral measures6.1.1. For non-emergency personnel	Se measures ctive equipment and emergency procedures : Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray).			
 6.1. Personal precautions, protection General measures 6.1.1. For non-emergency personnel Protective equipment 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray). Use appropriate personal protective equipment (PPE). 			
 6.1. Personal precautions, protections General measures 6.1.1. For non-emergency personnel Protective equipment Emergency procedures 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray). Use appropriate personal protective equipment (PPE). 			
 6.1. Personal precautions, protections General measures 6.1.1. For non-emergency personnel Protective equipment Emergency procedures 6.1.2. For emergency responders 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray). Use appropriate personal protective equipment (PPE). Evacuate unnecessary personnel. 			
 6.1. Personal precautions, protections General measures 6.1.1. For non-emergency personnel Protective equipment Emergency procedures 6.1.2. For emergency responders Protective equipment Emergency procedures 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray). Use appropriate personal protective equipment (PPE). Evacuate unnecessary personnel. Equip cleanup crew with proper protection. Ventilate area. Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, 			
 6.1. Personal precautions, protections 6.1.1. For non-emergency personnel Protective equipment Emergency procedures 6.1.2. For emergency responders Protective equipment Emergency procedures 6.2. Environmental precautions 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Avoid breathing (vapor, mist, spray). Use appropriate personal protective equipment (PPE). Evacuate unnecessary personnel. Equip cleanup crew with proper protection. Ventilate area. Upon arrival at the scene, a first responder is expected to recognize the presence of dangerous goods, protect oneself and the public, secure the area, and call for the assistance of trained personnel as soon as conditions permit. 			
 6.1. Personal precautions, protections 6.1.1. For non-emergency personnel Protective equipment Emergency procedures 6.1.2. For emergency responders Protective equipment Emergency procedures 6.2. Environmental precautions Prevent entry to sewers and public wate 	 Se measures ctive equipment and emergency procedures Avoid prolonged contact with eyes, skin and clothing. Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

7.2. Conditions for safe storage, including any incompatibilities			
Technical measures	hnical measures : Comply with applicable regulations.		
Storage conditions : Keep container closed when not in use. Store in a dry, cool place. Keep container closed when not in use.			
	from direct sunlight, extremely high or low temperatures and incompatible		
	materials.		
Incompatible products	: Strong acids, strong bases, strong oxidizers. Nitric acid.		
Storage temperature	: 0 - 50 °C (32 - 122 °F)		
7.3. Specific end use(s)			

Ion exchange resin for the treatment of water. For professional use only.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

No additional information available

8.2. Exposure controls

Appropriate engineering controls

Personal protective equipment

- : Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Ensure adequate ventilation, especially in confined areas. Ensure all national/local regulations are observed.
- : Gloves. Protective clothing. Protective goggles.

Materials for protective clothing	: Chemically resistant materials and fabrics.		
Hand protection	: Wear protective gloves.		
Eye protection	: Chemical safety goggles.		
Skin and body protection	: Wear suitable protective clothing.		
Respiratory protection	: If exposure limits are exceeded or irritation is experienced, approved respiratory protection should be worn. In case of inadequate ventilation, oxygen deficient atmosphere, or where exposure levels are not known wear approved respiratory protection.		
Other information	: When using, do not eat, drink or smoke.		
SECTION 9: Physical and chemical properties			

1. Information on basic physical and chemical properties		
Physical state	: Liquid	
Appearance	: Fully mixed-thick brown slurry. Unmixed-majority of the volume is brown settled material with the remaining volume being clear to opaque water supernatant.	
Colour	: No data available	
Odour	: Negligible.	
Odour threshold	: No data available	
рН	: No data available	
Evaporation rate	: No data available	
Melting point	: > 350 °C (> 662 °F) for solids only	
Freezing point	: No data available	
Boiling point	: No data available	
Flash point	: No data available	
Auto-ignition temperature	: No data available	
Decomposition temperature	: > 280 °C (> 536 °F) for solids only	
Flammability (solid, gas)	: No data available	
Vapour pressure	: No data available	
Relative vapour density at 20 °C	: No data available	
Solubility	: Water: Solids are not soluble in water	
Partition coefficient: n-octanol/water	: No data available	
Viscosity	: No data available	
Explosive properties	: No data available	

9.2. Other information No additional information available **SECTION 10: Stability and reactivity** 10.1. Reactivity Hazardous reactions will not occur under normal conditions. 10.2. **Chemical stability** Stable under recommended handling and storage conditions (see section 7). 10.3. Possibility of hazardous reactions Hazardous polymerization will not occur. 10.4. Conditions to avoid Direct sunlight, extremely high or low temperatures, and incompatible materials. 10.5. **Incompatible materials** Strong acids, strong bases, strong oxidizers. Nitric acid. Hazardous decomposition products 10.6. None expected under normal conditions of use. **SECTION 11: Toxicological information** Information on toxicological effects 11.1. Acute toxicity : Not classified Skin corrosion/irritation : Not classified Serious eye damage/irritation : Not classified Respiratory or skin sensitisation : Not classified Germ cell mutagenicity : Not classified Carcinogenicity : Not classified Reproductive toxicity : Not classified : Not classified STOT-single exposure STOT-repeated exposure : Not classified Aspiration hazard : Not classified Symptoms/Injuries After Inhalation : Prolonged exposure may cause irritation. Symptoms/Injuries After Skin Contact : Prolonged exposure may cause skin irritation. Symptoms/Injuries After Eye Contact : May cause slight irritation to eyes. Symptoms/Injuries After Ingestion : Ingestion may cause adverse effects. **Chronic Symptoms** : None expected under normal conditions of use. Potential adverse human health effects and : Based on available data, the classification criteria are not met. symptoms **SECTION 12: Ecological information** 12.1. Toxicity Ecology - general : Not classified. Persistence and degradability 12.2. **MIEX Gold Resin** Persistence and degradability Not established. **Bioaccumulative potential** 12.3. **MIEX Gold Resin Bioaccumulative potential** Not established. 12.4. Mobility in soil No additional information available **Results of PBT and vPvB assessment** 12.5. No additional information available 12.6. Other adverse effects Other information : Avoid release to the environment. **SECTION 13: Disposal considerations**

MIEX Gold Resin

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Oxidising properties Explosive limits

- : No data available
- : No data available

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

13.1. Waste treatment methods

- Product/Packaging disposal
- recommendations Ecology - waste materials
- : Dispose of contents/container in accordance with local, regional, national, territorial, provincial, and international regulations.
- : Avoid release to the environment.

SECTION 14: Transport information

The shipping description(s) stated herein were prepared in accordance with certain assumptions at the time the SDS was authored, and can vary based on a number of variables that may or may not have been known at the time the SDS was issued. In accordance with ADR / RID / IMDG / IATA / ADN

ADR	IMDG	ΙΑΤΑ	ADN	RID
14.1. UN number				
Not regulated for tran	sport			
14.2. UN proper s	2. UN proper shipping name			
Not applicable	Not applicable	Not applicable	Not applicable	Not applicable

environment : No	environment : No	environment : No	environment : No	environment : No
	Marine pollutant : No			

14.6. Special precautions for user No additional information available

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Not applicable

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. EU-Regulations

Contains no REACH substances with Annex XVII restrictions

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

Water (7732-18-5)

Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances)

15.1.2. National regulations

No additional information available

15.2. Chemical safety assessment

No chemical safety assessment has been carried out

SECTION 16: Other information

Date of Preparation or Latest Revision	: 29/06/2017
Data sources	: Information and data obtained and used in the authoring of this safety data sheet could come from database subscriptions, official government regulatory body websites, product/ingredient manufacturer or supplier specific information, and/or resources that include substance specific data and classifications according to GHS
	or their subsequent adoption of GHS.
Other information	: According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Indication of Changes No additional information available
